REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Newly cited references to Koopmans, Tan et al., and Sturcken et al. each show stacked microelectronic devices wherein the top device is adhesively bonded to the lower device with adhesive that does not cover the entire lower face of the top device. None of the references is prior art, however, against the instant invention and none of the references shows the claimed method of applying the adhesive to the rear surface of a semiconductor wafer, defining a plurality of adhesive pads within the adhesive layer, and singulating the wafer into individual microelectronic components.

It is further noted that the previously cited reference to Jiang et al. is also not prior art against the instant invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark A Osele whose telephone number is 571-272-1235. The examiner can normally be reached on Mon-Fri 9:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Christopher Fiorialla can be reached on 571-272-1178.
